

Hello Friends,

Masks...what a hot topic. Whether you are preparing your kids for returning to school on campus or at home your kids will be learning to wear masks when out in public, at church, and when going to appointments. Whatever your feelings are about wearing masks, your kids will follow your lead and echo your attitude.

I found this awesome picture booklet to help your kids understand who wears masks, when we need to wear them, and why. It's simple, colorful, and a quick easy read. It's the best one I've found!

“Do not be anxious about anything, but in every situation, by prayer and petition, with thanksgiving, present your requests to God. And the peace of God, which transcends all understanding, will guard your hearts and your minds in Christ Jesus.”

I'm praying much for you and your families. Let me know how I can support you.
